How to activate the quizzes when watching Panopto videos?

by Ralf B. Schäfer, University Koblenz-Landau, 4.12.2017

If you only use the links on the website, no quizzes will occur when watching the teaching videos. To activate the quizzes, you need to login and use a normal browser such as Firefox, Chrome, Safari etc. The Panopto help states: "Quizzes can only be taken by users that are signed into your Panopto site." and explains that "Currently quizzing is only available in the Panopto Viewer. We are working to incorporate this feature to the embedded players, mobile devices, and tablets."
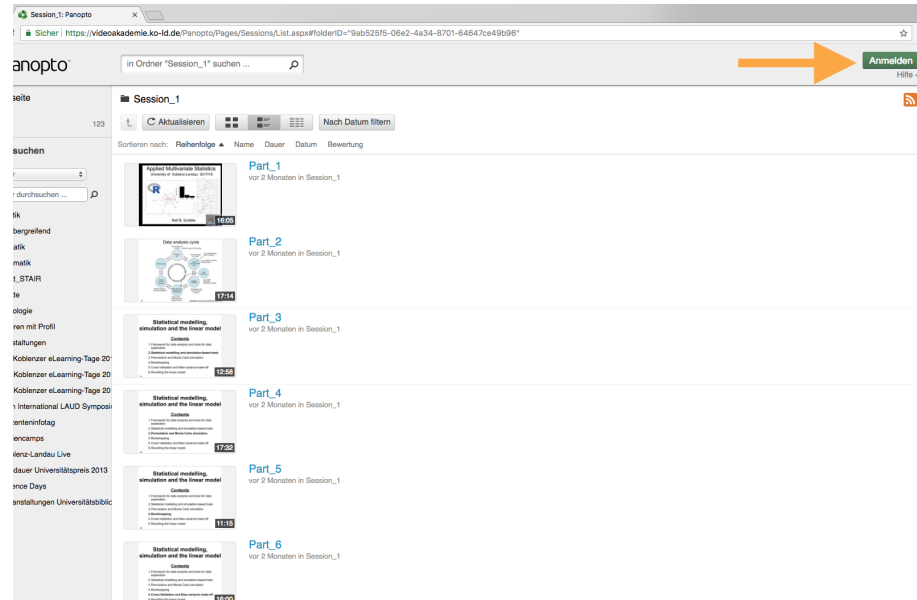

How to login? Simply follow the guide below.
